Plaintiff,

vs.

CAREDX, INC., et al.,

Defendants.

Case No. 3:22-cv-03023-TLT (Securities Case)

CLASS ACTION

**FOURTH DECLARATION OF KATHLEEN BRAUNS IN SUPPORT OF PLAINTIFFS' INTERIM POST-DISTRIBUTION ACCOUNTING**

I, Kathleen Brauns, declare as follows:

1. I am a Project Manager of the Class Action Administration Division of A.B. Data, Ltd. ("A.B. Data"), whose corporate office is located in Milwaukee, Wisconsin. I am over 21 years of age and am not a party to the Action.[1] The following statements are based on my personal knowledge and information provided to me by A.B. Data employees working under my supervision, and if called on to do so, I could and would testify competently thereto.

2. As further described in my previous declaration, the Declaration of Kathleen Brauns in Support of Plaintiffs' Interim Post-Distribution Accounting ("Initial Brauns Declaration") (ECF 199-2), on May 20, 2026, A.B. Data conducted the initial distribution of the Net Settlement Fund, in accordance with the Plan of Allocation approved by the Court's December 4, 2025 Order Granting Motion for Fairness and Final Approval of Settlement; Motion for Attorneys' Fees and Expenses (ECF 198) (the "Final Approval Order"). The initial distribution included sending $14,884,853.19 by check or wire transfer to 7,968 Authorized Claimants (Line 19) whose Claims were approved for payment. A.B. Data encountered no problems or unexpected issues in conducting the distribution.

3. As of November 5, 2026, the figures that have changed from the Third Interim Post-Distribution Accounting Form (ECF 201-1) filed on September 3, 2026, are found on Lines 15, 16, 17, and 18. Specifically, 134 checks have not been cashed (Line 16) (down from 143) totaling $47,470.82 (Line 17) (up from $14,113.59) [2], reflecting a success rate of 98.50% (Line 15). As a result, the total amount of settlement funds claimed (i.e. payments accepted) by class members is now $14,837,382.37 (Line 18) (down from $14,870,739.60). Although the checks mailed in the distribution contained a stale date of August 18, 2026, A.B. Data is continuing to reach out by

[1] Unless otherwise noted, all capitalized terms not defined herein shall have the same definitions as in the Stipulation of Settlement ("Stipulation") filed on May 23, 2025 (ECF 177-2).

[2] The aggregate dollar amount of uncashed payments has increased since the filing of the Interim Post-Distribution Accounting Form on September 3, 2026. This increase is attributable to a returned payment of $33,606.90 received by A.B. Data on September 9, 2026, from an institutional filer, who advised that the payment was returned because the account to which it had been issued was closed.

email and phone calls to Claimants who did not cash their distribution checks and will offer to reissue checks to Authorized Claimants through November 30, 2026.

4. If the funds remaining in the Net Settlement Fund as a result of uncashed or returned checks are sufficient to make a second distribution cost effective, A.B. Data will conduct a subsequent distribution after the November 30, 2026 reissue deadline in which A.B. Data will redistribute any funds remaining in the Net Settlement Fund, after deducting any Court-approved unpaid fees and expenses incurred as well as taxes and tax expenses, to Authorized Claimants who cashed their checks in the initial distribution and who would be entitled to receive at least $10 from the second distribution. A.B. Data would anticipate a second distribution to occur in January 2027.

5. As set forth in the Stipulation and Final Approval Order, once reallocations are no longer feasible, residual funds will be donated to the *cy pres* recipient, the Council of Institutional Investors ("CII"). The parties cannot estimate whether a *cy pres* distribution will be necessary since it depends on the residual amounts available after all distributions from the Net Settlement Fund are completed.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.

Executed on November 05, 2026.
